

# Polyurethane & Steel Moulder Feed Rollers

Most Weinig Moulders use one of three diameters: 140mm (5-1/2") or 170mm (6-11/16"). We also offer a 150mm diameter roller that some millworks use in place of the 140mm to increase the maximum feed speed.

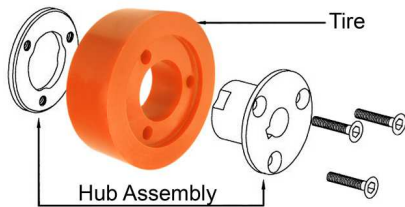

## Weinig, Leadermac, SCMI Solid Urethane Rollers

		Wheel Size				Price	ReCoat	
		Dia.	Width	Bore	Description	Part #	New	Price
Keyed Shaft	5-1/2"	3/4"	35mm	10mm	Keyed Shaft	FW-R106T140	\$24.52	\$12.35

		1-1/2"	30mm		Wide Cup - Bolt-On	FW-R14192018	\$48.95	\$20.21
Bolt-On	6-11/16"	3/4"	35mm		3-Bolt Flange Style	FW-R80OR0044	\$39.22	\$22.20

Re-coated tires can lower replacement costs.

The replaceable tire system offers quick change outs without the hassle of re-coating your old tire hubs. Most sizes in stock. Call for other sizes and types offered. Steel hubs are a one time purchase. Replacement tires can be stocked and changed quickly without having ship and wait for re-coated tires. When ordering please specify bore size (35mm or 30mm ID) and keyway size (10mm standard).
