

# Finger Joint Head Grinding & CBN Wheels

Western Model 2500 Fully Automatic Grinder shown. Western Model 2000 Semi-Automatic Finger joint head grinder also available. Call for details and firm price quotes.

Precision grinding is essential to achieving perfect joints. Poor grinding will negate the performance of even the most precise tooling and machinery. We offer a complete selection of finger joint grinding equipment, and can help instruct your grinding room staff on the most efficient procedures in maintaining your tooling. **Written technical information is available.**

We provide several models of face grinders for sharpening finger joint cutters and other styles of heads. We can fit the proper grinder to your exact operation. We will show you how the right grinder can save you thousands of dollars in labor costs and help keep your grinding room costs to a minimum.

A precision locking work-head and knife indexing system holds the cutter head in the proper hook position when grinding. Fine grit CBN and Diamond wheels are normally used to obtain a keen cutting edge for longer tool life.

## CBN & Diamond Facing Wheels

Finger Joint Grinding Wheels				
12A1R Shape	1/4" Radius		1/8" Radius	
	Part #	Price	Part #	Price
5.5" OD (For Weing 912 Grinders)	CB80-R-5-1/2-1/4	\$247.00	CB80-R-5-1/2-1/8	\$215.00
6" Diameter	CB80-R-6--1/4	\$260.00	CB80-R-6--1/8	\$239.00
7" Diameter	CB80-R-7--1/4	\$284.00	CB80-R-7--1/8	\$259.00
8" Diameter - Common Size	CB80-R-8--1/4	\$325.00	CB80-R-8--1/8	\$295.00
8" Norton SG Ceramic (Type 11)	Part # GW-SG8		Price \$132.43	

(Type 11 Flaring Cup Wheel - for Roughing Grinding FJ Cutters.)

Use a 1/4" radius for most AceCo cutters and 1/8" radius for most Wisconsin Knife cutters. All stock wheels are 1.25" bore / 80 grit. Other bore sizes and finer grits are the same price - made to order.

Our radius edge CBN wheel for resharpening finger joint cutters - Re-grinds the knife gullets as you face grind - helps to reduce the chances of knife breakage.

We offer many grinding wheel styles and sizes to match your existing grinder. We provide a full line of wheels with various diameters, grits, bonds, and hardness in either Aluminum Oxide, Blue Ceramic, CBN, or Diamond wheels. We can custom match the proper wheel for your needs and your specific grinder and application. Call for details.
