

Global Tooling & Supply
Woodworking Knives, Cutterheads, & Grinding Supplies

February 12th, 2016

Dear Valued Customer:

Global Tooling and Supply is pleased to announce it has joined forces with Burton Saw and Supply. Since 1996, Global Tooling and Supply has been your trusted provider of cutting tools, knives, and associated supplies for the wood working industry.

Founded in 1903, Burton Saw delivers an exciting and ever-growing array of critical equipment and consumable products for sawmills and wood product manufacturers globally. Burton's leading market position in the industry will be further enhanced through this merger. Exceeding customer expectations will continue to be the cornerstone of the combined business.

Global Tooling and Supply's strong customer relationships have been achieved through unsurpassed customer service, superior product quality and delivery, and a track record of bringing innovative products to our markets. Burton's unmatched expertise and presence in the wood product manufacturing industry will further enhance our ability to exceed your operational goals. We will continue the "Global Tooling" and "Titan Knife" brand names and products as we combine forces to bring you an even more comprehensive product and service offering. The same Global Tooling team will continue to work with you as we have in the past, and we remain committed to the development of new products that will further increase your competitiveness in the millwork industry.

Above all, we will continue our commitment to serve your needs by providing you with the best products and service in the industry. If you have any questions please do not hesitate to contact either of us or your local Burton Saw or Global Tooling and Supply representative.

Sincerely,
